Re: Notice of Final Action - Minor Title V Permit Modification
District Facility # S-892
Project # S-1141403

Dear Mr. Perez:

The Air Pollution Control Officer has modified the Title V permit for Pactiv LLC by incorporating S-892-23-2. The ATC modifies the permit for a polypropylene and polyethylene resin unloading and storage operation by increasing the allowable amount of raw material received on a daily basis to accommodate railcar shipment quantities. Annual quantity of resin received remains the same.

Enclosed is the modified Title V permit. The application and proposal were sent to US EPA Region IX on April 8, 2014. No comments were received following the District's preliminary decision on this project.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Leonard Scandura, Permit Services Manager, at (661) 392-5500.

Sincerely,

Arnaud Marjollet
Director of Permit Services
